

# In the ROCKPOOL

Andrea Rowe · Hannah Sommerville

## Story time crafts

### Materials

*Paper plates, glue, pens, paint, scissors, paper, old magazines, newspapers, paper cupcakes, paper towel rolls, wool, felt, tissue paper, small shells & sand.*

### Maker notes

*Decorate your own paper plate rock pool. Use a sponge to apply paint in splashy-splodges on the plate & allow it to dry.*

*Print & cut out marine creatures & colour them in. Or use the cut-outs as template to trace on recycled magazines, newspapers & material to incorporate sustainable crafts. You can also add tissue paper cut into bright strips, green felt or material, wool, packaging, small shells & sand. Try to avoid plastic, glitter & materials that don't break down to help us protect our waterways and oceans. Set the materials out as an invitation to get crafts & create your own rockpool.*
